RESEARCH SUPPORT CLINICS FOR STUDENTS AND ACADEMIC STAFF

The Library and Learning Resources Centre wishes to announce to the university community that it is offering a number of programmes whose aim is to assist both students and academic staff to ably accomplish their research activities. These programmes are offered to individual clients and groups.

The clinics focus on these areas:

- ◆ How to conduct Systematic Literature Searches
- ◆ Data analysis using SPSS
- ◆ Referencing using Zotero
- ◆ Citation and referencing styles
- ◆ Generating automated table of contents
- ◆ General research advice

If interested, arrange your clinic by contacting the Reference Desk or:
